REMARKS

Applicant desires to make several typographical revisions to the allowed claims prior to issuance. Applicant has amended claim 37 to change a comma to a semicolon and to add an "and" before the last element. Claim 41 was amended to delete two extra spaces and add an "and" before the last element. The preambles of claims 37 and 41 were also amended to use the term "CPU" consistently with claims 25 and 30, in which the first instance of the term "CPU" is a "central processing unit (CPU)." Applicant notes that these amendments do not add any new matter.

Entry of this amendment is respectfully requested.
